

Atlantis

In a cold, scary night in a dark forest, wolves howled at the bright moon and this wizard called white beard was evil. He is called white beard because he had a long beard and he locked a bright, beautiful princess in a tower.

Over the high seas on land a city that was called Atlantis Acantos and Ajax said that they would save the princess on the dark land. The princess was forsaken, lonesome, forlorn and this wicked evil wizard loved dark. His side of the island was dark and spooky. Monsters, pirates obeyed him.

When it was the bright, warm, sunny day Acantos attack the evil wizard Acantos called and the gods gave Acantos the power to defeat the wizard at a portal whitebeard was winning the battle at the portals but we got the princess in from the tower and killed whitebeard and freed the power of Atlantis.
