

The Dragon Army

In a black ancient, hollow, mine guarded by a scary black and red, fire breathing dragon army. There is a thousand dragons in metal armour with scared faces. The dragons were guarding gems, gold, diamonds and gold coin lots of gold because armies and pirates were trying to steal the gold.

The dragon army is guarding the gold because they get paid a hundred thousand gold coins each.

Some fierce pirates come and try and steal the gold but they can't. The dragons beat the pirates.

The armies of tanks, men, jets, planes and robot sneak attack the dragons.

The dragon started fighting they fought all day and night, then dragons bet them. They think....

The army would not give up they kept attack.

But the armies and the pirates team up together.

But the dragon army goes from a thousand to ten thousand in two weeks.

The pirates and the army surprise attack and win the gold is theirs.
