

Cat vs Dog

One very stormy day with an unpleasant mushy horrifying pond and poor old bird had to drink out of it. Bird was colourful he was blue green orange and yellow. He is as brainless as a baby because once he played duck duck goose and chose himself. His feet are shaped like a mini mammoth.

Then monkey came he loves playing jokes because once he told bird to go where he was and bird bonked into one of monkeys banana skins.

Then cat and dog bird and monkey were surrounded by trees everywhere so monkey was eating a banana and he dropped his banana skin and cat slipped on it then dog ran around in circles and bonked into cat. Cat was so scared she jumped and couldn't be more frightened and hung onto dogs head so bird pecked on monkeys head so monkey put a banana on birds beak then monkey tried to get cat off dog. Cat then had her front claws in monkey and the back claws in dog then dog got cats legs and so did monkey and they dropped cat into the big revolting bog. Then cat gave up fighting and so did bird and they all lived together.
